SCHOOL OF SMART EDUCATION AND INNOVATIVE EDUCATORS

MISSION, VISION, AND LINGUISTIC CERTIFICATION

The strategic mission of the School of Smart Education and Innovative Educators is to develop and implement avant-garde educational programs tailored rigorously to the demands of the knowledge society and contemporary digital transformations in education.

Strategic Objectives of the School

- ▶ European Standard Competencies: Cultivating high-performance academic, pedagogical, and digital skills.
- ▶ Innovative Education: Integrating smart technologies, intercultural education, and inclusive methodologies into the instructional process.
- ▶ Research and Internationalization: Promoting applied scientific research and supporting the international expansion of higher education.

The faculty aims to establish itself as a center of excellence and a national and international benchmark in smart education, facilitating foreign citizens' access to the Romanian academic environment.

Language Training and Certification Services (B1 Level)

In addition to degree programs, the faculty organizes evaluation sessions and online preparation courses for obtaining the Certificate of Romanian Language Proficiency – B1 Level (in accordance with the Common European Framework of Reference for Languages – CEFR).

Language Training and Certification Options:

Package I – Online Evaluation and Certification: Designed for candidates with prior linguistic competencies. Includes taking the 4 examination modules and receiving the certificate upon successful completion.

Package II – Modular Course (30 Hours) + Evaluation: Designed for elementary proficiency. Includes 30 hours of synchronous online training, digital learning materials, exam simulations, and the certification examination.

Package III – Intensive Course (120 Hours) + Evaluation: Designed for beginner proficiency. Provides comprehensive instruction in general and academic Romanian, exam simulations, and the final assessment.

STUDY PROGRAM: PREPARATORY YEAR OF ROMANIAN LANGUAGE FOR FOREIGN CITIZENS

CURRICULUM, STRUCTURE, AND FIELDS OF SPECIALIZATION

The study program "**Preparatory Year of Romanian Language for Foreign Citizens**" is organized by the **School of Smart Education and Innovative Educators** and provides the linguistic, academic, and cultural preparation necessary for successful integration into Romanian higher education.

The program spans one academic year, carries 60 ECTS credits, and has an approved enrollment capacity of 50 places. Successful graduation enables students to pursue higher education at the Bachelor's, Master's, or Doctoral level.

Target Audience

The program is tailored for citizens of the European Union (EU), the European Economic Area (EEA), the Swiss Confederation, third-country nationals, as well as Romanian citizens worldwide who require language training prior to commencing higher education studies.

Acquired Competencies and Curriculum Structure

Throughout the academic year, students complete a diversified curriculum combining general language instruction with domain-specific terminology:

- ▶ **General Romanian Language:** Phonetics, grammatical structures, vocabulary expansion, oral communication, and written expression.
- ▶ **Academic Writing and Culture:** Scientific writing methodologies, immersion in Romanian culture and civilization, and intercultural competence development.

Specialized Academic Preparation by Field

Linguistic instruction is specialized according to the student's intended academic track:

- ▶ **Mathematics and Natural Sciences:** Terminology applied to mathematics, physics, chemistry, computer science, and biology.
- ▶ **Social Sciences:** Specialized vocabulary for law, economics, management, public administration, psychology, and sociology.
- ▶ **Humanities and Arts:** Specialized terminology for philology, history, pedagogy, media studies, journalism, and arts.
- ▶ **Biological and Biomedical Sciences:** Specialized terminology tailored for medicine, pharmacy, dentistry, nursing, biology, and biochemistry.
